We are excited to announce TBLI CONFERENCE ASIA 2015, held in cooperation with INSEAD in Singapore, 29-30 April.

TBLI CONFERENCE offers a wealth of opportunity for networking with like-minded investors and new business partners. We invite you to share your ideas, challenges and solutions and to learn about innovation and investment opportunities in the space.

The 1 1/2-day program addresses topics for investors and finance professionals striving to better align profits with impact, addressing all asset classes. On the agenda are 14 sessions, including workshops on impact investing trends, faith-based investing and impact measurement as well as ESG integration, fixed income markets, carbon risk, renewable energy investing or investing in green infrastructure and urban development. Reflecting the shift we are witnessing in the philanthropic space, we also dedicate sessions to trends in venture philanthropy and program related investing.

This year's event in Singapore is building on the learnings and discussion at TBLI CONFERENCES held in New York, Amsterdam, Zurich, Chicago and Oslo over the past year. We are looking forward to continuing the debate with the Asian sustainable finance community!
